

### **BRAHMA FMJ (full metal jacket)**

It is said you can't fish a softhackle the wrong way. Well, I can. At least, I was fishing a softhackle in water I was sure held fish, but I could not get the fly down well enough.

So, I figured I needed a bit of weight while keeping it a softhackle, not turning the fly into a nymph.

Hook: Daiichi 1510 # 16

Body: Ultra wire, size small

Thorax: Hares ear

Hackle: Whiting brahma hen neck
